<input type="checkbox"/> Fully Operational	<input type="checkbox"/> Operational	<input type="checkbox"/> Emergent	<input type="checkbox"/> Not Addressed
Data from formative assessments is gathered and analyzed regularly to ensure that all students are receiving instruction in appropriate tiers and that instruction in each tier is effective.	Formative assessments are administered regularly to students in each tier of instruction.	Intervention is monitored regularly to ensure that it occurs regularly and is implemented with fidelity.	RTI is not currently being formally implemented.
B. Tier 1 Instruction based upon the CCGPS in grades K-12 is provided to all students in all classrooms. (See Sections IV. A & B)			
<input type="checkbox"/> Fully Operational	<input type="checkbox"/> Operational	<input type="checkbox"/> Emergent	<input type="checkbox"/> Not Addressed
Student and classroom data have been analyzed to determine the instructional areas and classrooms in greatest need of support.	Current practice in literacy instruction has been assessed using the Literacy Instruction Checklist, GA, or its equivalent.	Student data is examined regularly to determine if fewer than 80% of students are successful in any area.	RTI is not currently being formally implemented.
C. Tier 2 needs-based interventions are provided for targeted students.

To ensure that the most highly qualified teachers provide Tier 4 instruction, SpEd, ESOL, and gifted teachers participate in professional learning communities to maintain strict alignment with CCGPS.	School schedules are developed to ensure that students receive instruction in the least restrictive environment.	Building and district administrators are familiar with funding formulas affecting students in special programming.	Special education functions separately within the school with little communication with regular education or with little input from the administrator.
